

German for Academic Studies, for Business and Pleasure

Ladies and Gentlemen,

Did you know that German is the most widely spoken language in Europe? It is spoken by about 80 million Germans, by about 8 million Austrians, by 4.6 million Swiss, roughly 480,000 inhabitants of Luxembourg, 300,000 people in "South-Tyrol", the autonomous province of Bolzano / Italy and by 30,000 inhabitants of Liechtenstein. Speaking and understanding German is an essential competitive advantage, in your job and also in your private life.

Why not learn German in one of the most beautiful cities in the world: in Salzburg. Benefit from highly qualified teachers, all of them being university graduates in German and foreign languages, holding a teacher's certificate for secondary general and vocational education plus an additional qualification in teaching German as a foreign language.

Additionally we can offer certification of your knowledge of German which is based on the CEFL (Common European Framework Languages).

Certified knowledge of German is essential for academic studies and for carrying out academic professions in Austria and in Germany, for obtaining the Austrian citizenship et cetera.
